Is there a birdfeeder, squirrel food, or squirrel-accessible trashcan nearby?   Y / N

Every 20 seconds for 10 minutes, put a **T** (if in a tree), **G** (on the ground), or **B** (birdfeeder) in the behavior column for what the squirrel is doing at each time point. If you see scatterhoarding behavior, put a mark other than T or G in the appropriate behavior column in the next blank row.
